## RC Trader Mobile menu explained

The RC Trader website is based on what is known as responsive design. In general, this means that the page will adjust differently from one screen size to another or one device type to another.

So, on a normal large screen, the front page of the site will look like this:

On a mobile device less than 800pixel wide it will convert to a mobile device menu system.

The screenshot displays the 'My Account' page of the RC Trader website. At the top, there is a navigation bar with a 'MENU' icon, a home button, a search icon, a 'SELL' button, and a user profile icon. Below this, a vertical menu lists options: Register (highlighted in red), Sell, Search, Stores, About, Contact Us, and Help. A dropdown menu for 'All Categories' is visible. The main content area features a search bar with the placeholder text 'Search Keywords...' and a search icon. Below the search bar, there is a section titled 'RC Trader - FREE RC Classifieds!' which describes the site as 'Australia's largest dedicated Radio Control classified listings & trading site.' It provides instructions for users to view listings and contact sellers, mentioning the need to 'register' and 'login'. A prominent red button labeled 'SUBMIT A LISTING' is displayed, along with 'HELP' and 'HOW IT WORKS' buttons. The right sidebar contains two promotional banners: one for 'TAKE FLIGHT MAAA JOIN THE MAAA NOW' and another for 'Citibank Online Saver' with a 3.05% p.a. interest rate. The URL 'www.rctrader.com/register.php' is visible at the bottom left of the page.

Clicking on the "head icon" on the right will present the user menu options:
